CONFERENCE ORGANISER
informa markets

Today's India is riding on the Reforms Express to empower domestic hydrocarbons. We are creating a transparent and investor-friendly environment for global collaboration. India is now working on the mission of energy independence, moving beyond energy security."

Shri Narendra Modi
Hon'ble Prime Minister of India

India Energy Week is more than an event—it is a global platform for collaboration, investment and innovation. Together, we are shaping the future of energy through dialogue that leads to action."

Shri Hardeep S Puri
Hon'ble Union Minister of Petroleum and Natural Gas
Government of India

ABOUT INDIA ENERGY WEEK 2027

India Energy Week 2027 will be held from 28–31 January 2027 at the New Town Convention Centre, Kolkata, bringing the global energy leadership to eastern India for the first time. Now in its fifth edition, India Energy Week has grown into one of the world's foremost energy platforms, convening policymakers, industry leaders, innovators and investors from across the world and across the value chain.

Held under the patronage of India's Ministry of Petroleum and Natural Gas and organised by the Federation of Indian Petroleum Industry (FIPI) with Informa Markets as conference organisers and Bain & Company as knowledge partners, the 2027 edition focuses on the theme Unlocking Innovation, Securing Energy, Shaping Tomorrow. Each pillar shapes the programme: unlocking the innovation that will define the sector's next chapter, securing supply in a market with ever-growing demand, and setting the direction that the coming decades will follow, while placing India at the centre of the global energy agenda.

The past year has shown how quickly disruption to global energy trade can test security of supply, and India, poised to account for a quarter of the growth in global energy demand, will play a key part in shaping the response. India Energy Week 2027 offers direct access to the technologies, partnerships and capital shaping how energy is produced, secured and delivered.

KOLKATA: THE EASTERN GATEWAY

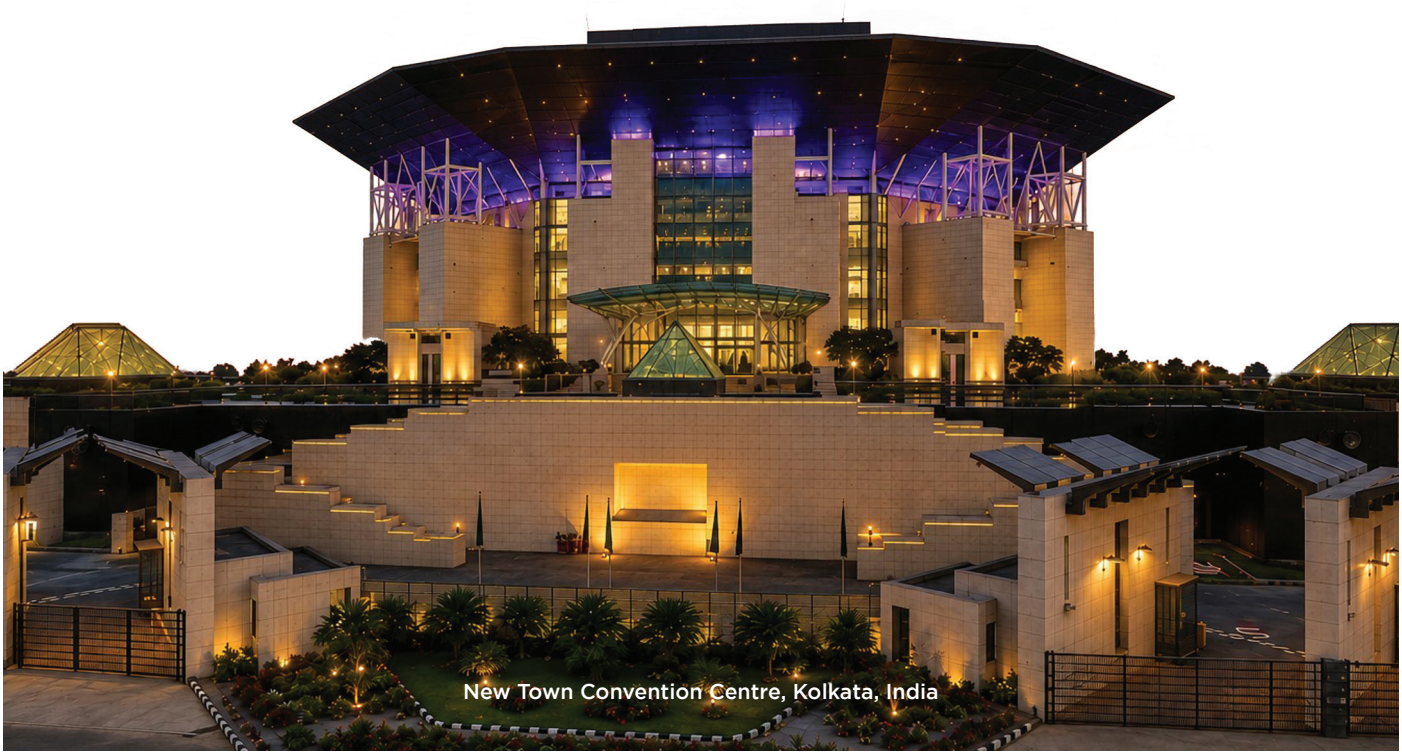

India Energy Week 2027 moves to Kolkata, the commercial capital of eastern India and the gateway to one of the country's most significant energy and industrial corridors.

West Bengal has been central to India's energy agenda, from the Haldia refinery-petrochemicals complex to the Pradhan Mantri Urja Ganga pipeline, with the Bay of Bengal and Andaman offshore among the country's most closely watched exploration frontiers. Around it sits the belt that anchors India's mining, metals, steel, engineering and chemicals economy, connecting directly to the markets of Odisha, Bihar, Jharkhand and the Northeast, as well as providing a gateway to the larger Asia-Pacific region.

A world-class venue: The New Town Convention Centre, Kolkata offers around 3,000-seat main auditorium, two mini auditoriums, expansive exhibition and banquet halls, pre-function areas and modern visitor amenities, including VIP lounges and extensive parking. A proven stage for government summits, investment meets and international conferences, it is complemented by the adjacent Eco Park Ground, a dedicated outdoor exhibition space for large-scale country pavilions, technology showcases and live industry demonstrations.

Seamlessly connected: Located minutes from Netaji Subhas Chandra Bose International Airport, beside the Sector V technology hub and major international hotels, New Town anchors Kolkata's rise as one of India's fastest-growing MICE destinations, combining world-class facilities with competitive participation and accommodation costs for exhibitors and delegates.

A city with capital and capability: Kolkata brings to the platform legacy business houses with both the intent and capability to partner global players and back innovation, alongside access to one of the deepest technical talent pools in the country.

New Town Convention Centre, Kolkata, India

INSIDE INDIA ENERGY WEEK 2027

Exhibition

Past editions have witnessed 700+ participating companies from across the global energy sector, showcasing advanced technologies, solutions and services. Attendees can explore innovations shaping the future of energy, forge partnerships, discover investment opportunities and connect with stakeholders across the entire energy value chain.

Conferences

The Conferences will unite global energy ministers, CEOs, technical experts and thought leaders to advance innovation, energy security and the pathways shaping tomorrow.Strategic sessions will bring global energy leaders and thought leaders together on energy security, investment and transition, while technical sessions explore applied innovation and real-world solutions.

India Energy Club

The India Energy Club offers an exclusive setting for senior decision-makers to connect, hold private meetings and engage in high-level discussions that drive international collaboration and business outcomes.

Leadership Roundtables

The exclusive Leadership Roundtables gather ministers, diplomats, C-suite executives and thought leaders to engage in open dialogue under the Chatham House Rule on the challenges facing the sector and the ideas that will move it forward.

Thematic Zones

India Energy Week features dedicated thematic zones spanning the energy value chain, from hydrogen and renewables to gas, biofuels and net-zero solutions. Each zone gives exhibitors focused visibility and direct engagement with buyers, partners and investors active in that segment.

MC² Shark Tank

A highlight of the 2027 edition, the MC² Shark Tank puts select start-ups in front of a jury of prominent energy leaders, PSU chairmen and investors, pitching live for funding and pilot commitments.

Masterclasses & Debates

The 2027 edition introduces new ways to learn and engage, from expert-led masterclasses and live technology showcases to the Kolkata Debate, where two sides argue a critical energy question before the room.

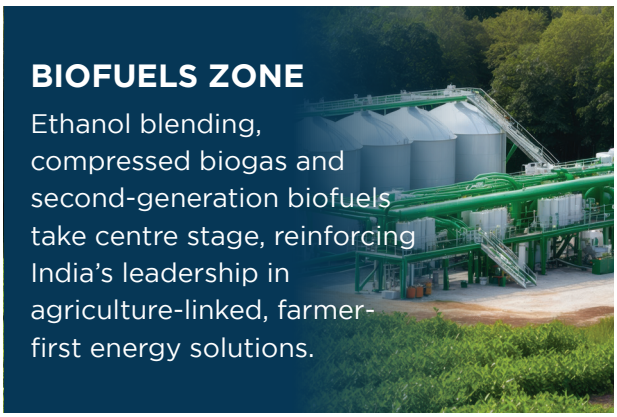

Gala Dinner

The Gala Dinner is a grand celebration of India's rich cultural heritage, bringing together a diverse array of artists and performers from across the country. The evening highlights India's rich traditions through exquisite cuisine, enchanting performances and vibrant entertainment, offering a unique cultural experience.

ZONES
INDIA ENERGY WEEK 2027

The exhibition will feature fourteen curated thematic zones powering India's energy transformation. Each zone is dedicated to spotlighting the technologies, solutions and partnerships shaping the global energy transformation.

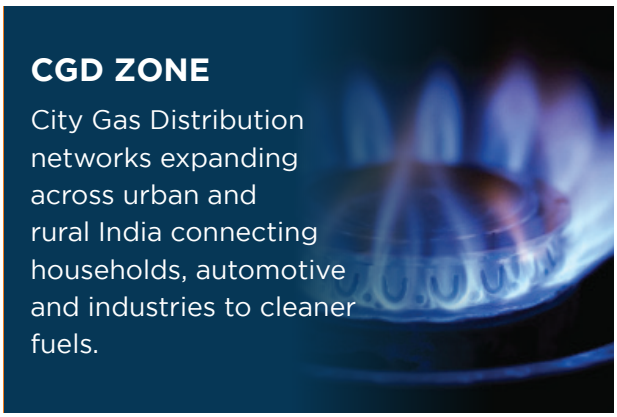

BIOFUELS ZONE

Ethanol blending, compressed biogas and second-generation biofuels take centre stage, reinforcing India's leadership in agriculture-linked, farmer-first energy solutions.

HYDROGEN ZONE

Electrolysers, green ammonia and export infrastructure define India's Green Hydrogen Mission, positioning the country as a future global hydrogen hub.

CGD ZONE

City Gas Distribution networks expanding across urban and rural India connecting households, automotive and industries to cleaner fuels.

INDIA NET ZERO

A dedicated showcase of the policies, technologies and investments propelling India toward its net-zero commitment, one milestone at a time.

DIGITALISATION ZONE

AI, automation and digital twins transforming energy operations from exploration to distribution -as India builds a smarter, more resilient grid.

LNG ECOSYSTEM ZONE

Terminals, shipping and regasification infrastructure powering India's expanding LNG import and trading capability, securing energy access for a growing economy.

MAKE IN INDIA PAVILION

Showcasing India's indigenous engineering and manufacturing capability across the energy value chain - built at home, deployed worldwide.

NUCLEAR ZONE

Charting India's path to expanded nuclear capacity, featuring SMRs, next-generation reactor technology and the partnerships redefining the nation's baseload power.

PETROCHEM ZONE

India's downstream ambition on display - refining, polymers and specialty chemicals driving self-reliance, export competitiveness and industrial growth.

RENEWABLE ENERGY ZONE

Solar, wind and storage innovations powering India's non-fossil energy target, connecting global technology leaders with the world's fastest-growing clean energy market.

START UP ZONE

India's energy-tech founders and venture capital converge here, spotlighting breakthrough ideas in efficiency, storage and decarbonisation shaping tomorrow's energy economy.

SUSTAINABLE AVIATION ZONE

Advancing India's Sustainable Aviation Fuel roadmap -producers, airlines and policymakers charting a cleaner course for global aviation.

ENERGY FINANCIAL DISTRICT ZONE

A dedicated hub for investors, banks and financial institutions, showcasing the funding models, green finance and investment opportunities powering India's energy infrastructure and transition.

HEALTH, SAFETY AND ENVIRONMENT ZONE

Bringing together safety systems, risk management and environmental technologies that help energy operators protect their workforce, reduce emissions and build more resilient sites and operations.

EXHIBITION
INDIA ENERGY WEEK 2027

India Energy Week has become a must-attend global meeting place for energy professionals, at the heart of international business.

A key platform linking international and regional companies, the event connects exhibitors with buyers from across the world to showcase innovation, build partnerships and shape sustainable energy.

Some of the 2026 Participating Exhibitors

ABB · ADES · Air Liquide · Bharat Petroleum · BASF · Chevron · CPCL · Curtiss-Wright · EIL · Everllence · Emerson · Ebara Elliott Energy · ExxonMobil · GAIL (India) Limited · Honeywell · HP · IGL · IndianOil · Johnson Matthey · Larsen & Toubro · Linde · MAIRE · Neuman & Esser · MannTek · MOL Mitsui O.S.K. Lines · Nayara Energy · Oil India · ONGC · Petronet LNG · Praj · Reliance Industries Limited · Siemens Energy · Solar Turbines · Shell · Sulzer · Suzlon · Technip Energies · TotalEnergies · Toyo Engineering · Torrent Gas · Vedanta · Cairn

EXHIBITION SECTORS

- Hydrocarbons
- Power Generation
- Alternative & New Energies
- Technology & Services
- Construction & Industrialisation
- AI & Digitalisation

INNOVATION ACROSS THE ENERGY VALUE CHAIN

India Energy Week brings the global energy value chain together, in one place, showcasing the technologies and solutions defining the sector's next chapter.

Collaborate

ENGAGE KEY C-SUITE LEADERS

Showcase your solutions to a high-level audience of policymakers, C-suite executives, project owners and procurement leaders.

India Energy Week provides unmatched access to key stakeholders actively sourcing technologies, partnerships and investments shaping the future of energy.

Innovate

ALIGN WITH GLOBAL LEADERSHIP

With government ministers, CEOs, innovators and thought leaders attending from across the energy ecosystem, the event fosters high-level dialogue and the exchange of market-shaping ideas.

It offers a valuable opportunity to exhibit your brand within conversations shaping policy, innovation and the sector's next chapter.

Invest

EXPAND INTERNATIONALLY

With strong participation from leading companies and organisations worldwide, India Energy Week facilitates global collaboration and knowledge sharing, bringing together diverse voices and perspectives to accelerate innovation and forge cross-border partnerships to build a more secure and sustainable energy future.

A snapshot from IEW 2026

GLOBAL ENERGY, UNDER ONE ROOF

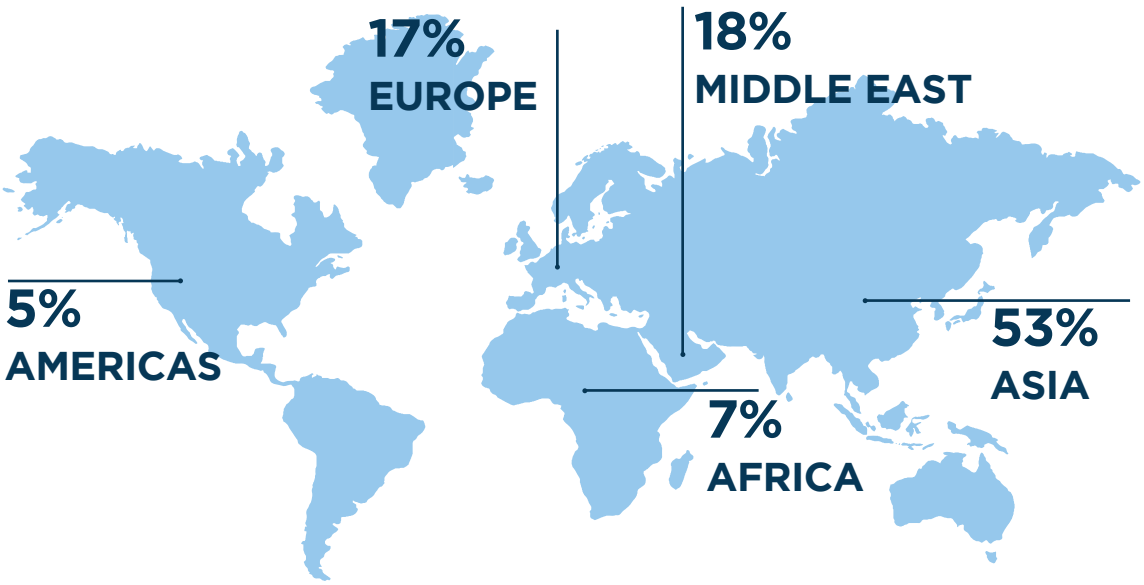

Country pavilions at India Energy Week bring national energy priorities onto the global stage, showcasing capabilities, promoting innovation and building cross-border partnerships.

For the participating nations, these pavilions act as hubs for engagement with investors, buyers and partners, in one of the world's fastest-growing major energy markets.

Some of the Expected Country Pavilions

2026 GLOBAL PARTICIPATION

CONNECT WITH LEADERS SHAPING GLOBAL ENERGY

Government & Policymakers

- Ministers
- Policymakers & Regulators
- Secretaries, Joint Secretaries & Additional Secretaries
- Ambassadors & Consuls General
- Commercial Attachés
- Advisors

Technical Experts

- Engineers & Project Managers
- Scientists & Researchers
- Health, Safety & Environmental Experts
- Operational & Plant Experts
- Digital & IT Specialists
- Procurement & Contracts Professionals

Business Leaders

- Chairmen, Presidents, CXOs & Managing Directors
- Executive, Senior & Divisional Vice Presidents
- Regional & Country Heads
- Business Development, Sales & Commercial Leaders
- Marketing & Communications Leaders
- Strategy, Finance & Commercial Heads
- Economists, Analysts & Consultants

Investors & Financiers

- Private Equity & Infrastructure Funds
- Venture Capital & Climate-Tech Investors
- Banks & Institutional Lenders
- Family Offices & Sovereign Funds
- Fund Managers & Investment Directors

STRATEGIC CONFERENCE

The India Energy Week 2027 Strategic Conference will convene government leaders, policymakers, industry leaders, innovators and investors to address the strategic challenges shaping the global energy landscape.

Discussions will focus on securing energy supply, mobilising investment, enabling inclusive growth and advancing innovation that will shape the sector's next chapter.
By bringing together decision-makers from across regions and energy systems, the conference aligns policy, finance and technology to support long-term energy security and growth.

Expected in IEW 2027

6,500+
Conference Delegates

300+
Conference Speakers

65+
Conference Sessions

Session Formats

MINISTERIAL SESSIONS
Energy ministers and policymakers discuss the issues defining global energy markets, net-zero ambitions, security of supply and the new energy landscape.

MASTERCLASS
Expert-led sessions giving participants practical, applicable skills and deeper knowledge across the topics and disciplines shaping the energy sector.

LEADERSHIP PANELS
Global energy leaders and industry experts share insights on pathways to a secure, affordable and sustainable energy future.

INNOVATION SHOWCASE
A dedicated stage where start-ups and innovators present breakthrough technologies to global energy leaders, industry chairmen and investors.

THE KOLKATA DEBATE
Two sides put forward opposing views on a critical energy question, with the audience voting before and after to shape the outcome of the discussion.

FIRESIDE CHAT
Focused one-on-one conversations between high-profile energy leaders and expert moderators, exploring strategy, innovation and the future of energy.

ENERGY TALKS
Focused talks in which global energy leaders set out their views on strategy, innovation and the future of energy across a range of pre-defined topics.

TECHNICAL CONFERENCE

The India Energy Week 2027 Technical Conference is a platform that will gather leading scientists, innovators, engineers and technology experts from around the world to present their work to the global energy community, from peer-reviewed research papers to applied innovation and best practice shaping energy systems today and in the years to come.

Curated by an International Technical Committee, the programme will showcase original research, breakthrough technologies and real-world applications across core technical categories critical to shaping the sector.

By bringing researchers together with practitioners, operators and industry leaders, the conference will turn individual research into shared knowledge, strengthen operational performance and foster collaboration across the energy value chain.

Expected in IEW 2027

200+
Conference Speakers

100+
Committee Members

45+
Conference Sessions

Some of the Esteemed Speakers in Previous Editions of IEW

H.E. Hardeep S Puri
Minister of Petroleum and Natural Gas
Government of India

H.E. Dr. Sultan Ahmed Al Jaber
Minister of Industry and Advanced Technology and ADNOC MD and Group CEO
United Arab Emirates

Hon. Tim Hodgson
Minister of Energy and Natural Resources
Canada

H.E. Rt. Hon. Obongemem Ekperikpe Ekpo
Honourable Minister of State (Gas) Petroleum Resources
Federal Republic of Nigeria

H.E. James Opiyo Wandayi
Cabinet Secretary for Energy and Petroleum
Republic of Kenya

H.E. Dr. Saleh A. Al Kharabsheh
Minister of Energy and Mineral Resources
Jordan

H.E. Haitham Al Ghais
Secretary General
Organization of the Petroleum Exporting Countries (OPEC)

H.E. Jassim Al Shirawi
Secretary General
International Energy Forum (IEF)

Patrick Pouyanné
Chairman and CEO
TotalEnergies

Arun Kumar Singh
Chairman and CEO
Oil and Natural Gas Corporation Limited

Arvinder Singh Sahney
Chairman
IndianOil Corporation Limited

Vikas Kaushal
Chairman and MD
Hindustan Petroleum Corporation Limited

Sandeep Kumar Gupta
Chairman and MD
GAIL (India) Limited

Dr. Ranjit Rath
Chairman and MD
Oil India Limited

Vartika Shukla
Chairman and MD
Engineers India Limited

Akshay Kumar Singh
MD and CEO
Petronet LNG

Sumant Sinha
Founder, Chairman and CEO
ReNew

Tayba Al Hashemi
CEO
ADNOC Offshore

Dr. Jennifer Holmgren
Chairman and CEO
LanzaTech

Loyiso Tyabashe
Group CEO
South African Nuclear Energy Corporation (Necsa)

Fatema Al Nuaimi
CEO
ADNOC Gas

William Lin
VP, Gas and Low Carbon Energy (G&LCE)
bp

Andrew Barry
Chairman, ExxonMobil LNG Market Development Inc.; and VP, Global LNG Marketing
ExxonMobil Asia Pacific Private Limited

Izumi Kai
CEO
JERA Asia

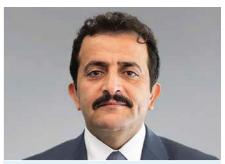

Yoshinori Kanehana
Chairman
Kawasaki Heavy Industries Limited

Gurdeep Singh
Chairman and MD
NTPC Limited

Bhuwan Chandra Pathak
Chairman and MD
Nuclear Power Corporation of India Limited

Dr. Ayed Al-Qahtani
Director, Research Division
OPEC

Amit Singh
CEO, International Energy Business
Adani Group

Leon De Bruyn
President and CEO
Lummus Technology

INDIA ENERGY CLUB

WHERE ENERGY LEADERS CONNECT

The India Energy Club is an exclusive space designed for the senior decision-makers shaping the global energy landscape. The Club brings together government officials, policymakers, C-suite executives, business leaders, innovators and investors in a dedicated setting that supports strategic dialogue, business meetings and partnership-building.

It offers a premium environment for international business connections at India Energy Week, complemented by dedicated hospitality, dedicated meeting suites and concierge services. Set apart from the exhibition floor, the Club gives members the space to turn conversations into collaboration, and connections into lasting partnerships.

Membership Benefits

EXCLUSIVE MEMBERSHIP

VIP access to the Club throughout the four days of India Energy Week 2027, connecting members with the conversations, insights and leaders shaping the future of global energy.

STRATEGIC NETWORKING

Direct engagement with influential industry leaders, investors and policymakers, positioning their organisation at the forefront of the energy industry.

HIGH-IMPACT BUSINESS MEETINGS

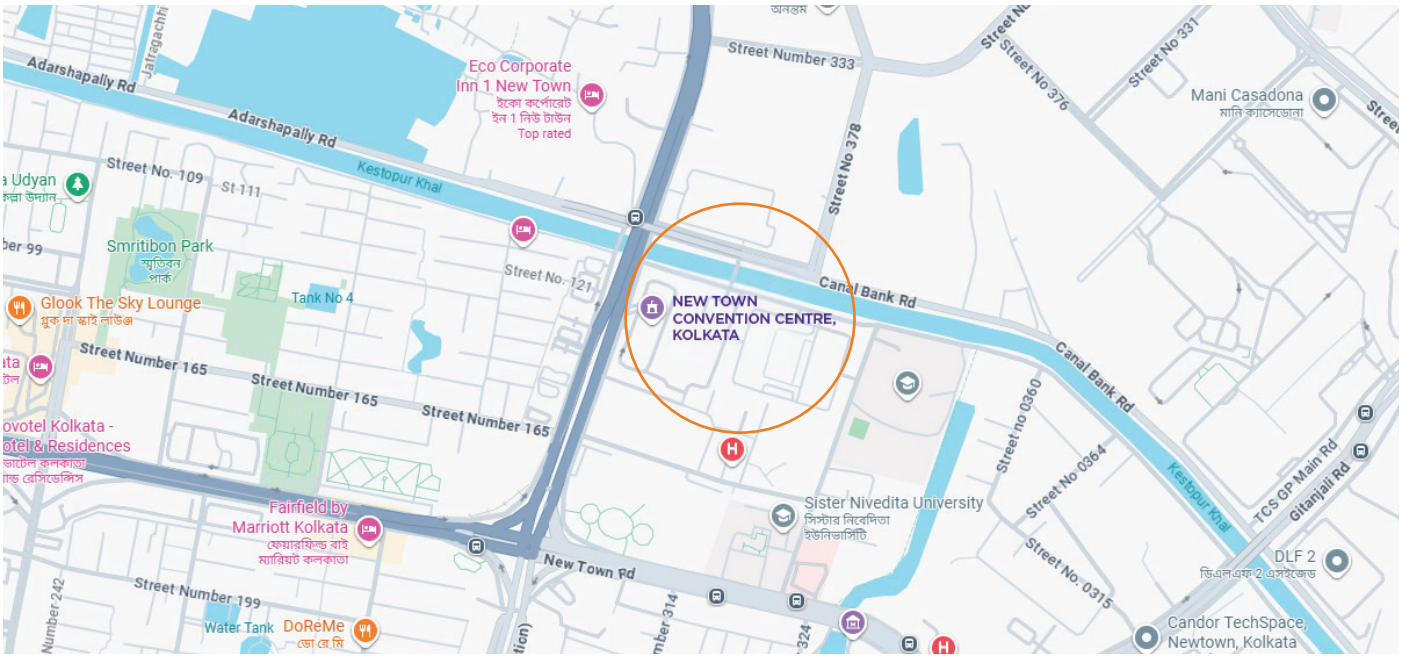

Pre-scheduled one-to-one meetings in an exclusive setting, with direct access to senior leaders and key decision-makers.

WORLD-CLASS BUSINESS AMENITIES

Premium hospitality, including complimentary catering and a dedicated concierge service, ensuring a seamless and professional experience for high-profile business meetings.

Organiser: FIPI - The Federation of Indian Petroleum Industry (FIPI) is the apex body of India's hydrocarbon sector, bringing together leading public and private energy enterprises across the hydrocarbon value chain. Working closely with the Government of India, FIPI champions policy advocacy, industry collaboration and India's transition to secure, affordable and sustainable energy.

Conference Organiser: Informa Markets - Informa Markets is the world's leading exhibitions organiser, part of FTSE 100-listed Informa PLC, creating platforms for industries to trade, innovate and grow across hundreds of events globally. In India, Informa Markets is the country's largest B2B exhibitions organiser, connecting Indian industry with international markets.

Knowledge Partner: Bain & Company - Bain & Company is a leading global management consultancy that helps the world's most ambitious change makers define the future. Advising the world's foremost energy companies, investors and governments on strategy, transformation and the energy transition, Bain works with leaders worldwide to solve their toughest challenges and deliver enduring results. As Anchor Knowledge Partner at India Energy Week 2027, Bain brings research-led insight and senior advisory perspectives to shape the conference agenda and thought-leadership programme, connecting global strategy with India's energy future.
